Monitoring and Review

Whittlefield Primary School is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to their potential.

We collect and analyse a range of equality information for our pupils/students:

- Attainment data
- Pupil Progress meetings with staff
- Pupil Interviews
- Attendance Data
- Complaints of bullying or harassment
- Pupil Questionnaires

We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information.

School performance information is compared to national data and Local Authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

This policy has a life span of three years and therefore we will review and revise this scheme as part of a three-year cycle.

Equality Impact Assessments

Undertaking equality impact assessments (EIAs) is similar to undertaking health and safety risk assessments. It involves predicting and assessing what the implications of a policy, function or strategy will be on a wide range of people.

EIAs were introduced with the Race Equality Duty and are now also required for both disability and gender. It is also best practice to consider age, religion and belief, and sexual orientation as part of this process.

EIAs are a way in which we can analyse all of our work (this could be a policy, procedure, project, strategy or service) to ensure it meets the needs of all our service users and that no group (in relation to ethnicity, disability, gender, age, religion and belief, and sexual orientation) is disadvantaged or cannot access our services.
